"We really look to the [ACT] seminars to really keep the finger on the pulse of the industry and help us understand what ACT is seeing from a market trend perspective."

- Bill Cortright, Jacobs Vehicle System

"I would recommend ACT Research to anyone that's looking for in-depth insight into what's happening in the commercial vehicle markets. The expertise and knowledge that goes into the service they provide, there's not a better solution, in my opinion, for commercial vehicle data than ACT Research."

- Jeff Trent, Mahle

"These seminars and the information [provided] is very helpful; it helps us connect the dots in our business. We're concerned about what's going to happen in the marketplace, is freight going up or down...we need to know how our customers are going to be impacted. We really need this information."

- Kirk Mann, Hitachi Capital

"...it's a microcosm of what the industry is all about."

- Jason Altwies, ConMet
